

Application Software Engineering

Get your feet wet and step into the world of Application Software!

TechTrek is your gateway to the IT industry – immerse yourself in cutting-edge technologies and master new DevOps skills. Count on real mentorship, top-notch offices and the flexibility to pursue your studies.

And who knows? You might be among the select few students chosen to dive straight into our dynamic projects after the program, putting into practice what you've learned.

Is this you?

You are fluent in **English** and preferably **German** and currently pursuing a Bachelor's degree (1st or 2nd year) at a Technical University. You are looking for a **part-time, paid** experience.

Discover your office!

10 months,
2 hours/day

F2F & remote
mentorship.
Hands-on learning

DevOps
Fundamentals
and soft skills
sessions

Sleeves up, hands-on learning

- > 10 Months of intensive training backed up by self-study
- > Explore virtualization, Cloud DevOps technologies, CI/CD & Cloud Computing, monitoring and logging. Create and enhance IaaS
- > Sharpen your soft skills – it's part of the curriculum
- > Accelerate your learning with top e-learning platforms and trainings

What you are good at & what you will need to win

- > Currently in your 1st or 2nd year of a Bachelor's program in Computer Science or any related field
- > Logical thinker, self-starter and fast learner
- > Ready to rock this from Sibiu, Cluj, Timisoara, Iasi, Bucharest or Brasov
- > Fluency in English is a must; German is a plus
- > Sociable, team-player
