Extended Abstract Submission Deadline	November 16, 2022

Topics: computer science | mathematics and statistics

StudMath-IT's scientific communications session is in its 15th edition and aims to bring together in Arad students from the bachelor, master and doctoral cycles of universities in Romania and abroad. They can participate individually or in teams to present their achievements and develop new ideas.The official language of the conference is English.

Submission Guidelines

All papers must be original and not simultaneously submitted to another journal or conference. The following paper categories are welcome:

- **Extended Abstract:** should contain the structure of the paper, a summary of the main chapters of the paper and should be 1-2 pages long. Abstracts should be written using LaTex, according to conference template.

  The accepted manuscripts will be published in the the Volume of Abstracts of the conference.

  Accepted papers will have to be presented using the computers and projectors available in the meeting rooms/online. If possible (depending on pandemic conditions), presentations are open and it is to be expected that faculty members and/or other students might attend and could ask questions.

  The papers will be ranked by an international scientific committee, and the top ones will receive awards. The list of Best Paper Awards will be available on the website: http://studmathit.uav.ro/.

  Best papers will be invited to publish an extended version of the presented work in post conference volume with ISSN.
