

“If it can't be reduced, reused, repaired, rebuilt, refurbished, refinished, resold, recycled, or composted, then it should be restricted, designed or removed from production.”

– Pete Seeger, Folk Singer & Social Activist

Le Pont Durable

Sustenabilitatea este necesar a fi abordata si sustinuta prin actiuni concrete. Cooperarea la nivel interdisciplinar si transsectorial prin implementarea unor activitati sunt de o importanta majora in atingerea obiectivelor ONU de dezvoltare durabila.

THE GLOBAL GOALS

The 2030 Agenda for Sustainable Development

Adopted by all United Nations Member States in 2015, it provides a shared blueprint for peace and prosperity for people and the planet, now and into the future. At its heart are the 17 Sustainable Development Goals (SDGs), which are an urgent call for action by all countries - developed and developing - in a global partnership. They recognize that ending poverty and other deprivations must go hand-in-hand with strategies that improve health and education, reduce inequality, and spur economic growth - all while tackling climate change and working to preserve our oceans and forests.
